

## PhD Study Programs

### **Civil Engineering**

1. Civil Engineering
2. Hydro Engineering
3. Road Infrastructure and Underground Constructions
4. Agricultural Hydro Melioration

### **Power Engineering and Telecommunications**

1. Telecommunications
2. Power Engineering and Electrical Engineering

### **Mining and Geology**

1. Mining Technology
2. Geology
3. Oil and Gas Technology
4. Geodesy Engineering
5. Safety Engineering and Risk Assessment
6. Mining and Geology Management

### **Chemical Technology and Metallurgy**

1. Chemistry
2. Chemical and Biological Engineering
3. Materials Science
4. Metallurgy

### **Transportation and Mechanical Engineering**

1. Transportation
2. Machine Science, Machine Engineering and Industrial Technology Process
3. Industry and Transportation Management

## **Architecture, Urban Planning and Design**

1. Architecture
2. Architectural Studies

## **Business-Engineering**

1. Philology
2. Business Administration
3. Mass Communication
4. Finance
5. Public Administration
6. Law
7. Social Sciences
8. Philology

## **Informatics and Control Systems**

1. Informatics
2. Mathematics
3. Engineering Physics
4. Instrument Engineering, Automation and Control Systems
