

2009/Tiflis BE/5465

Tbilisi, 17 June 2009

**Prof. Archil Prangishvili**  
**Rector**  
**Georgian Technical University**

*Dear Rector,*

17th event of the Advanced Laser Technologies (ALT) Conference series, ALT'09, which has been established in 1993 by Nobel Prize Laureate Alexander Prokhorov, Director of the General Physics Institute of Russian Academy of Sciences, will take place this year in Antalya, Porto Bello Hotel, between 26 September-1 October 2009.

Nobel prized academician Prof. Jores Alfero will deliver a speech at the plenary session of the Conference. Recent developments and progress in laser technologies, along with their implementations will be discussed during the Conference.

ALT'09 is organized by the General Physics Institute (GPI), the Scientific and Technological Research Council of Turkey-Marmara Research Center (TUBITAK-MRC), Kocaeli University LATARUM Group and Moscow State University.

Within the framework of the Conference, the scientists from the universities/institutes/research centers will have opportunity to exchange information and experience in this field.

The detailed information regarding the Conference can be provided from the Conference's website and the contact person as well.
