Instructions for workshop proceeding materials

Scientific research materials in Mechanics can be included in the workshop proceeding.

The paper's text is typed on page of A5 (149×210 mm), Microsoft Word, Time New Roman, 10 pt, single spacing. Margins: top – 17 mm, bottom – 21 mm, left – 16 mm, right – 15 mm. The first line – the title. The second line – the initials and surnames of authors. Third line – the organizations the authors represent.

Figures, formulas and tables are inserted directly into the paper's text (MathType use is undesirable). The list of the literature is placed upon the paper text termination if it is necessary.

The paper volume should not exceed 15 pages.

The summary (up to 150 words) is applied to the paper.

The materials will be included in «Mechanics. Scientific researches and methodical developments» papers collection.
