

# **INNOVATIVE TECHNOLOGIES AND MATERIALS**

## **International Scientific Conference**

**GEO| RUS**

### **TOPICS OF THE CONFERENCE**

- \* Instrumental, structural and functional materials
- \* Nanomaterials and nanotechnology
- \* Mechanical engineering technology
- \* Physical chemistry and technology of HP – HT materials
- \* Powder metallurgy
- \* New designs, systems, technologies and prospects of application
- \* Treatment of metallic and nonmetallic materials
- \* Problems of process control in engineering
