

გივი ბერიკელაშვილის შრომების სია

1. On a difference scheme of high-order accuracy for elliptic systems. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **71**(1973), No. 2, 285-288.
2. Two-layer schemes of high-order accuracy for systems of parabolic equations. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **72**(1973), No. 1, 25-28.
3. Triple-layer economical difference schemes of increased order of accuracy for hyperbolic system. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **72**(1973), No. 2, 289-292.
4. Three-level economical difference schemes of high-order accuracy for parabolic systems. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **74**(1974), No. 3, 553-556.
5. A scheme of higher-order accuracy for the solution of the third boundary value problem for the equation in a p-dimensional parallelepiped. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **86**(1977), No. 2, 281-284.
6. A two-layer scheme of higher order accuracy for solving the third boundary value problem of a p-dimensional heat equation. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **89**(1978), No. 2, 297-300.
7. A high-order accuracy difference scheme of Dirichlet problem for the Laplace equation with discontinuous boundary conditions. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **92**(1978), No. 1, 29-32.
8. Uniformly convergent three-layer difference schemes of higher-order accuracy for a multi-dimensional heat equation. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **92**(1978), No. 2, 285-288.
9. On one approach to the difference method of solving the bending problem of orthotropic plates. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **96**(1979), No. 2, 281-284.
10. On the approximate solution of some systems of nonlinear Volterra integral equations of the second kind (with G. D. Pavlenishvili). (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **99**(1980), No. 2, 313-316.
11. Difference schemes for a mixed boundary value problem of the static theory of elasticity in a rectangle. (Russian) *Theory and numerical methods of calculating plates and shells, Vol. II, Tbilis. Gos. Univ., Tbilisi*, 1984, 33-36.
12. On the order of convergence of difference schemes for an elliptic equation with mixed boundary conditions. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **118**(1985), No. 2, 285-288.
13. About the question on accuracy estimates of the Richardson extrapolation method for strongly elliptic systems. (Russian) *Soobshch. Akad. Nauk Gruz. SSR* **118**(1985), No. 1, 45-48.
14. The difference scheme of higher order accuracy for a heat equation in a rectangle (with M. N. Moskal'kov). (Russian) *Ukr. NIINTI* 30.07.85, No. 1607-Uk., Kiev, 1985, p. 16.
15. On the convergence of the difference schemes for elliptic equations with variable coefficients and solutions from Sobolev spaces (with G. I. Sulxanishvili). (Russian) *Gruz. NIINTI* 04.12.85, No. 190-G., Tbilisi, 1985, p. 16.
16. On a difference scheme of high accuracy for an elliptic equation with mixed derivative. (Russian) *Gruz. NIINTI* 01.10.1986, No. 250-G, Tbilisi, 1986, p.8.
17. Convergence of some difference schemes of high accuracy for an elliptic systems without mixed derivatives. (Russian) *Gruz. NIINTI* 01.10.1986, No. 251-G, Tbilisi, 1986, p.10.

18. On the order of convergence of difference schemes for elliptic systems with solutions from Sobolev spaces (with G. I. Sulkhaniashvili). (Russian) *Trudy Tbiliss. Mat. Inst. Razmadze* **87**(1987), 21-28.
19. To the of solving a discharge circuit equation of an electrical-hydraulic power transformer (with I. Nakashidze, D. Vardzelashvili, and A. Sikharulidze). (Russian) *Electrical power processes and plants., Tbilisi*, 1987, 85-88; *Transact. of Georgian Polytechnic Institute* **3**(315).
20. Convergence of some difference schemes for elliptic equations with variable coefficients. (Russian) *Trudy Tbiliss. Mat. Inst. Razmadze* **90**(1988), 16-24.
21. Schemes of high accuracy for an elliptic equation with mixed derivative (with V. G. Prikazchikov). (Russian) *Differentsial'nye Uravneniya* **25**(1989), No. 9, 1622-1624.
22. The convergence in W_2^2 of a difference solution of the Dirichlet problem. (Russian) *Zh. Vychisl. Mat. Mat. Fiz.* **30**(1990), No. 3, 470-474; English transl.: *USSR Comput. Math. Math. Phys.* **30**(1990), No. 2, 89-92.
23. On the convergence of the difference solution of the first biharmonic boundary value problem (with M. G. Mirianashvili). *Numerical methods, Proc. Conf., Miskolc/Hungary, 1990, Colloq. Math. Soc. Janos Bolyai* **59**(1991), 133-143.
24. On the application of the net method to the solution of one class of problems of the theory of optimal control (with D. Devadze). (Russian) *Current problems of applied mathematics and cybernetics, Tbilisi University Press*, 1991, 53-56.
25. On the convergence of Richardson's extrapolation method for elliptic equations. (Russian) *Trudy Tbiliss. Mat. Inst. Razmadze* **96**(1991), 3-14.
26. On the convergence in W_2^1 of difference solutions for an elliptic equation with mixed boundary conditions (with M. D. Chkhartishvili). (Russian) *Bull. Georgian Acad. Sci.* **148**(1993), No. 2, 180-184.
27. On the convergence of the difference schemes on W_2^1 for one mixed boundary value problem of theory of elasticity (with M. Chkhartishvili). *Bull. Georgian Acad. Sci.* **153**(1996), No. 2, 195-198.
28. On the rate of convergence of the difference solution of the bending problem of the orthotropic plates. *Proc. A. Razmadze Math. Inst.* **118**(1998), 21-32.
29. The convergence of the difference solution to the third boundary value problem of elasticity theory.(Russian) *Zh. Vychisl. Mat. Mat. Fiz.* **38**(1998), No. 2, 310-314; English transl.: *Comput. Math. Math. Phys.* **38**(1998), No. 2, 300-304.
30. The difference shemes of high order accuracy for elliptic equations with lower derivatives. *Proc. A. Razmadze Math. Inst.* **117**(1998), 1-6.
31. On the definition of a nonlocal trace of a function. *Reports of Enlarged Session of the Seminar of I. N. Vekua Inst. Appl. Math.* **13**(1998), No. 2, 2-5.
32. The convergence in W_2^1 of the difference solution to the third boundary value problem of elasticity theory. *Reports of Enlarged Session of the Seminar of I. N. Vekua Inst. Appl. Math.* **14**(1999), No. 3, 24-26.
33. On the solvability of a nonlocal boundary value problem in the weighted Sobolev spaces. *Proc. A. Razmadze Math. Inst.* **119**(1999), 3-11.
34. The convergence rate of a finite-difference solution of the first boundary value problem for a fourth-order elliptic equation. (Russian) *Differentsial'nye Uravneniya* **35**(1999), No. 7, 958-963; English transl.: *Differ. Equations* **35**(1999), No. 7, 967-973.
35. Finite difference schemes for elliptic equations with mixed boundary conditions. *Proc. A. Razmadze Math. Inst.* **122**(2000), 21-31.
36. Finite difference schemes for some mixed boundary value problems. *Proc. A. Razmadze Math. Inst.* **127**(2001), 77-87.

37. On convergence of difference schemes for the third boundary value problem of elasticity theory. (Russian) *Zh. Vychisl. Mat. Mat. Fiz.* **41**(2001), No. 8, 1242-1249; English transl.: *Comput. Math. Math. Phys.* **41**(2001), No. 8, 1182-1189.
38. On the convergence of finite difference scheme for one nonlocal elliptic boundary value problem. *Publ. Inst. Math. (Belgrad)* **70**(84)(2001).
39. On a nonlocal boundary value problem for a two-dimensional elliptic equation. *Comput. Methods Appl. Math.* **3** (2003), No. 1, 35-44.
40. On the rate of convergence of the difference solution of a nonlocal boundary value problem for a second-order elliptic equation. (Russian) *Differentsial'nye Uravneniya* **39** (2003), No. 7, 896-903, 1004-1005; English transl.: *Differ. Equations* **39** (2003), No. 7, 945-953
41. Adam Jishkariani (1930-2005). *Mem. Differential Equations Math. Phys.* **36** (2005), 157-158.
42. To a nonlocal generalization of the Dirichlet problem. *J. Inequal. Appl.* V. 2006 (2006), Article 93858. P. 1-6.
43. On improved approximate solution on the Fredholm integral equation (with G. Karkarashvili). *Comput. Methods Appl. Math.* 6 (2006) No.3, P. 264-268.
44. Construction and analysis of difference schemes for some elliptic problems, and consistent estimates of the rate of convergence. *Mem. Differential Equations Math. Phys.* **38** (2006), 1-131.
45. Convergence of fourth order compact difference schemes for three-dimensional convection- diffusion equations (with M.M. Gupta and M. Mirianashvili). *SIAM J. Numer. Anal.* 45 (2007), Issue 1. P. 443-456
46. On one approach of investigation of asymptotic properties of solution of ordinary differential equations with delay (with O.M. Dzhokhadze and R.G. Koplataдзе). *Differentsial'nye Uravneniya* **44**(2008), no. 1, 19-38; English transl.: *Differ. Equations* **44**(2008), no. 1, 19-39.
47. On existence and absence of global solutions of the first Darboux problem for nonlinear wave equations (with O.M. Dzhokhadze, B.G. Midodashvili and S.S. Kharibegashvili). *Differentsial'nye Uravneniya* **44**(2008), no. 3, 359-372; English transl.: *Differ. Equations* **44**(2008), no. 3, 374-389.
48. On a three level difference scheme for the regularized long wave equation (with M. Mirianashvili). *Mem. Differential Equations Math. Phys.* **46** (2009), 147-155.
49. Finite-difference method of solving the darboux problem for the nonlinear Klein-Gordon equation (with O. Jokhadze, S. Kharibegashvili, and B. Midodashvili). *Mem. Differential Equations Math. Phys.* **47** (2009), 123-132.
50. Finite difference scheme for one mixed problem with integral condition (with D.Gordeziani and S. Kharibegashvili). Proc. 2 nd WSEAS Int. Conf. Finite differences, Finite volumes, Boundary elements (2009), 118—120.
51. On a nonlocal generalization of the biharmonic Dirixlet problem (with D.G. Gordeziani). (received in *Differentsial'nye Uravneniya*)
52. Finite difference solution of a nonlinear Klein-Gordon equation with an external source (with O.M. Dzhokhadze, B.G. Midodashvili and S.S. Kharibegashvili).(submitted)
