

ტექნიკის მეცნიერებათა დოქტორი, ასისტენტ-
პროფესორი ეკა შოთას ასული ელერდაშვილი
სამეცნიერო შრომები

1. E. Elerdashvili, *On limited circular two-dimensional problem of three bodies.* Bulletin of the Academy of Sciences of Georgia 143, N3, 1991. 241-244.
2. E. Elerdashvili, N.Saxokia, *Points of libration in limited circular two-dimensional problem of three bodies.* Institute of the mechanics of the M.Lomonosov Moscow State University. Seventh All-Union congress in theoretical and applied mechanics. M., 1991.312.
3. E. Elerdashvili, *On one limited two-dimensional problem of three bodies.* Bulletin of the Academy of Sciences of Georgia 147, N1, 1993. 41-44.
4. E.Elerdashvili, I.Elerdashvili, *Synthesis of electromechanical actuator of machine-tool on the assigned transient processes.* Scientific and technical conference of young scientists and graduate students. Tbilisi, the theses of Reports, 1994. 36-37.
5. E. Elerdashvili, R. Sulikashvili, *On points of libration in problem of three bodies.* ROCEEDINGS of A.Razmadze Mathematical Institute. Vol. 110. 1994, 99-108.
6. E.Elerdashvili, O.Gogodze, *To the synthesis of the parameters of the electromechanical executive system of manipulator robot.* It is deposited into Tekhinform of Georgia. #981-95.
7. E.Elerdashvili, T.Mchedlishvili, *To the synthesis of the parameters of the manipulating executive system for control on the assigned transient processes.* It is deposited into Tekhinform of Georgia. #982-95.
8. E.Elerdashvili, T.Mchedlishvili, *Synthesis of the servomechanisms with transient links.* Scientific and technical conference of professors and instructors dedicated to 75 anniversary of the technical university of Georgia. Tbilisi, 1997. Theses of reports. 166.
9. E.Elerdashvili, L. Kobakhidze, *Synthesis of the controlling influence of power action on the mechanical system with elastic and viscous links.* Scientific and technical conference of professors and instructors dedicated to 75 anniversary of the technical university of Georgia. Tbilisi, 1997. Theses of reports. 167.
10. E.Elerdashvili, *Synthesis of the parameters of the machine-tool electromechanical servomechanism with elastic mechanical elements.* Scientific and technical conference of professors and instructors dedicated to 75 anniversary of the technical university of Georgia. Tbilisi, 1997. Theses of reports. 167-168.
11. E.Elerdashvili, T.Mchedlishvili, *On a question of the synthesis of the parameters of the machine-tool electromechanical servomechanisms taking into account*

- elasticity of elements in mechanical system*. TGU. Transactions #3 (414). Anniversary edition. Tb., 1997. 154-158.
12. E.Elerdashvili, I. Sakhokia, *Points of libration in two-dimensional problem of three bodies*. Symposium dedicated to the century of academician N.Muskhelishvili. Tbilisi., 1991. 108.
 13. E.Elerdashvili, G.Nioradze, *Synthesis of the multiple-contour electromechanical servomechanism on the assigned transient processes*.TGU (Georgian Technical University. Transactions #6 (422) Anniversary edition. Tbilisi. 1998. 57-61.
 14. E.Elerdashvili, M. Dochviri, *Search for the controlled parameters of the electromechanical systems of drives in the procedure of synthesis on the assigned transient processes*. TGU (Georgian Technical University. Transactions #6 (422). Anniversary edition. Tbilisi. 1998. 61-64.
 15. E.Elerdashvili, B. Shelia, *Economic effectiveness of the use of machine tools with the programmed control*. Republic conference of economists of Iv.Javakhishvili State University. e Collection of reports. 1998, 77-79.
 16. E.Elerdashvili, B. Shelia, *Characteristics of the economic estimation of the automatic organization of manufacture*. Forth Republic conference of economists of Iv.Javakhishvili State University. Collection of reports. 2001. 193-196.
 17. E.Elerdashvili, K. Skhvitaridze, G. Karseladze, I. Sigua, M. Khmiadashvili, Z.Tediashvili, *Mathematics for the economists*. Casebook. Tb., 2004. Part I. 1-119.
 18. E. Elerdashvili, K. Skhvitaridze, G. Karseladze, I. Sigua, M. Khmiadashvili, Z.Tediashvili, *Mathematics for the economists*. Casebook. Tb., 2005. Part II, 1-119.
 19. E. Elerdashvili, B. Shelia, *Economic and mathematical analysis of effectiveness in the utilization of the fixed capital*. International scientific journal “Social economy” 7, Tbilisi, 2005. 116-118.
 20. E. Elerdashvili, *Determination of the minimum of multidimensional function* Collection of scientific works (appendix of “Moambe”), #6, 2005. 34-37.
 21. E. Elerdashvili, *Mathematical model of the relationship of the extensive and intensive relationships of the factors acting on an increase in the volume of production*. International scintifical-practical journal “Social economics”, #8, Tb., 2006.
 22. E. Elerdashvili, *Role of mathematics in the process of the stimulation of the training- cognitive activity of students*. Collection of scientific works (appendix of “Moambe”), #7, 2006. 38-41.
 23. E. Elerdashvili, *Regular functions on configuration spaces of planar pentagons*. International conference Polynomial Mappings: Algebra, Computation and Topology. Nijmegen, The Netherlands, 2008.
 24. E. Elerdashvili, T. Aliashvili, *Circular configurations of quadrilateral linkages*.

Fifth European Congress of Mathematics, Amsterdam RAI, The Netherlands, 14-18 July, 2008.

25. E. Elerdashvili, M. Jibladze, G Khimshiashvili, *Cyclic configurations of pentagon linkages*. Bulletin of the Academy of Sciences of Georgia II, N4, p. 23-26, 2008.
26. E. Elerdashvili, *Cyclic configurations of quadrilateral linkages*. Georgian Mathematical Journal, 2009.
