

Candidate of physico - mathematical sciences,  
Associated professor  
Manana Khmiadashvili  
List of scientific transactions

1. M. Khmiadashvili. *About solution of one boundary value problem by method of finite elements*. Collection of scientific works. GTU № 3 (260), 1983. pp. 95 – 97.
2. M. Khmiadashvili. *Investigation of three-dimensional boundary value statical problems in moment theory of elasticity*. Enlarged Session Seminar of I.Vekua Institute Appl. Math. Tbilisi.1986. April 22-25 .pg.9.
3. M. Khmiadashvili. *Solution of basic static boundary value problems for the ball in moment theory of elasticity*. Proceeding of I.Vekua Institute Appl. Math 1992. pp.214 – 224.
4. M. Khmiadashvili. *Solution of basic static boundary value problems for the ball layer in moment theory of elasticity*. Proceeding of I.Vekua Institute Appl. Math 1992. pp.225 – 234.
5. M. Khmiadashvili. *Solution of basic static boundary value problems for the space with spherical cavity in moment theory of elasticity*. Proceeding of I.Vekua Institute Appl. Math 1992. pp.245 – 238.
6. M.Khmiadashvili. *Asymptotic behavior of second order differential equation with delayed argument solution*. Collection of scientific works. GTU № 3 (408), 1995. pp. 22 -25.
7. M.Khmiadashvili *The basic boundary and contact problems in classic and moment theory of elasticity for the fields bounded with spherical surfaces*. Scientific-methodical conference of GTU professors. 1997. June 2 – 4. pg. 203.
8. M. Khmiadashvili *Interaction of an elastic and a scalar fields*. Reports of Enlarged Session Seminar of I.Vekua Institute Appl. Math. Tbilisi.2003. №2, 68 - 72 .
9. M. Khmiadashvili *The boundary problem for the ball and the infinite space with the spherical cavity of viscous incompressible fluid*. International scientific journal Problems of Applied Mechanics. Georgian committee of IFToMM.. . № 2. (15) 2004. 83 – 88. .

10. K.Skhvitaridze, G.Karseladze, I.Sigua, E. Elerdashvili, M. Khmiadashvili, Z. Tediashvili. *Mathematics for economists*. Problem book I. Publishing house “Technical University”. 2004.
11. Khmiadashvili M. *Two elastic solids interaction problem*. Reports of Enlarged Session Seminar of I. Vekua Inst. Appl. Math. Tbilisi. 2005. No.2 .
12. K.Skhvitaridze, G.Karseladze, I.Sigua, E.Elerdashvili, M.Khmiadashvili, Z.Tediashvili. *Mathematics for economists*. Problem book II. Publishing house “Technical University”. 2005.
13. M.Khmiadashvili. *Boundary value problems for a ball in moment theory of elasticity*. International scientific journal Problems of Applied Mechanics. Georgian committee of IFToMM.. . № 3. 2005. pp.69-79.
14. M. Khmiadashvili. *Boundary value problems in moment theory of elasticity for Kosserrat model*. 4-th congress of Georgian mathematicians. Tbilisi. 2005. November 14–16. pg. 171.
15. Khmiadashvili M., Meladze R., Karseladze G. *The basic problems of the asymmetrical theory of elasticity*. Applied mathematics, Informatics and Mechanics. TSU Publishing House. №1 (10). 2005. pp. 39 – 71.
16. Khmiadashvili M., Skhvitaridze K., Kharashvili M. *The boundary value problem of steady-state oscillation for the infinite space with spherical cavity in asymmetrical theory*. International scientific journal Problems of Applied Mechanics. Georgian committee of IFToMM.. . № 1. (30), 2008. pp.82-86.
17. Khmiadashvili M., Skhvitaridze K., Kharashvili M. *The boundary value problems of incompressible viscous fluid stationary current for the stretched spheroid*. International scientific journal Problems of Applied Mechanics. Georgian committee of IFToMM № 1. (32), 2008.pp. 69-79.
18. M. Khmiadashvili, K. Skhvitaridze, M. Kharashvili. *Solid body in scalar field. Collected papers*. Science Development Problems Institute of RAS, Moscow, 2009. pp. 25-36.
19. M. Khmiadashvili, Shubladze M. *Quantum cryptography based on exactly solvable models*. Georgian Engineering news. № 2, 2009.

20. M. Khmiadashvili, K. Skhvitaridze, M. Kharashvili. *Incompressible viscid fluid current in half-space with spherical cavity*. Collected papers. Science Development Problems Institute of RAS, Moscow, 2009. pp. 37-55.
21. M. Khmiadashvili, *Interaction of one-dimensional and three-dimensional fields*. Enlarged Session Seminars of I.Vekua Institute Appl. Math. Tbilisi. 2009.
22. M.Khmiadashvili, L.Giorgashvili, K.Skhvitaridze, M.Kharashvili. *Expression of solution of simultaneous differential equations of stationary oscillations in moment theory of thermo elasticity*. International scientific journal: Problems of Applied Mechanics. Georgian committee of IFToMM № 2. (39) 2010. pp. 75 – 81.
