

Institute of Hydrogeology and Engineering Geology

Scientific report

2017

I. 1. Planned and performed scientific-research works funded by the state budget of Georgia by 2017

№	The name of the work prescribed and performed by the plan indicating scientific field and scientific direction	Work Supervisor	Work Performers
1	2	3	4
1	<p style="text-align: center;">დარგი: გეოლოგია Field: Geology Scientific Direction: Engineering Geology.</p> <p>Project "The reasons of causing deformations of Tbilisi damaged buildings and obtaining the anti-counter measures ".</p> <p style="text-align: center;">Scientific Objectives - Engineering Geology.</p>	G. Chokhnelidze	Z. Kakulia Z. Varazashvili D. Chutkerashvili M. Kopadze
2	<p>Field: Geology Scientific Direction: Engineering Geology.</p> <p>PStudy of modern engineering geological conditions of the Kolkheti coastal zone regarding environmental protection and its rational use</p>	G. Iashvili	T. Iashvili T. Dzadzamia Z. Varazashvili
3	Field: Geology	B. Mkheidze	

	<p>Scientific direction: Hydrogeology Project "Establishment of regularity of formation and distribution of Adjara-Trialeti mineral water, cadastre processing and mapping"</p>		<p>Z. Kakulia A. Songhulashvili I. Nanadze L. Ghlonti G. Omsarashvili</p>
4	<p>Field: Geology Scientific direction: Hydrogeology Project "High class natural drinking water"</p>	B. Zautashvili	<p>B. Mkheidze Z. Kakulia A. Songhulashvili I. Nanadze M. Kopadze</p>

I. 2

№	The name of the work prescribed and performed by the plan indicating scientific field and scientific direction	Work Supervisor	Work Performers
1	2	3	4
1	<p>Field: Geoecology Scientific Direction: Mathematical Geoecology Project "Use of mathematical ecology methods to solve the problem of pollution with rivers of toxic waters (on the Mtkvari River)".</p>	D.Abzianidze	<p>N. Inanashvili V. Abzianidze</p>
