The 14th International Conference on Ceramic Materials and Components for Energy and Environmental Systems will be held in Budapest

The 14th International Conference on Ceramic Materials and Components for Energy and Environmental Systems (CMCEE-14) will be held in Budapest, Hungary on August 18–22, 2024.

The conference honorable plenary speaker is 2019 Nobel Prize laureate in Chemistry (Pushing the Limits of Lithium Batteries), Mr. Stanley Whittingham.

The conference fields are concentrated in five wide symposia and cover a large spectrum of energy-related ceramic materials (oxide materials among them).

Deadline for abstract submission (poster & oral): January 15, 2024.

The detailed information is shared on the conference website: <https://akcongress.com/cmcee14/>

Contact Person: Giorgi Mumladze, member of the conference organizing committee, Scientific Secretary of the Institute of Cybernetics, of Georgian Technical University | E-mail: g.mumladze@gtu.ge
