

International Conference Actual Issues of Applied Physics

International Conference “Actual Issues of Applied Physics” devoted to the establishment of the Faculty of Physics and 80th anniversary of Raphiel Chikovani, honored scientist, public man, Georgian state prize winner, academician of the Georgian engineering academy will be held on March 30 at Georgian Technical University.

Conference working languages: Georgian, English, Russian

Conference will explore the following areas of interest:

1. Applied physics in modern science, medicine, technique, technology and production;
2. Methodology of the study of applied physics
3. Issues of the history of applied physics

Suggested forms of work during the conference

- Report
- Correspondence report
- Poster report

Conference theses will be published.

Time-limit:

Invited report - 25 min, report - 10 min.

Applications and theses of the conference should be sent to Lali Chakhvashvili by e-mail: gtuphysics@gmail.com

Deadline: 28.02.11.

Theses requirements:

- Max. 1 page (A4)
- Font - Times New Roman, 12 pt (for English and Russian); AcadNusx, 12 pt (for Georgian)

Report requirements:

- Max. 7 pages, A4, spacing – 1,5, margins – 2 cm. including drawings, graphs, tables and literature;
- Font - Times New Roman, 12 pt (for English and Russian); AcadNusx, 12 pt (for Georgian)
- Header for the paper should include:
 - The author's name and initials
 - The author's email address and contact telephone
 - Name of the organization represented by the author
 - Keywords
- Paper introduction, the main part and conclusion should be separated
- Drawings or photos – TIFF, 150 dpi.
- Paper should be accompanied by summary in English.
